

KRISHANT PANDEY

Full-Stack Web Developer | Next.js | AI | Cybersecurity

Delhi, India • krishantpandey2005@gmail.com

GitHub: github.com/Pandey-Krishant • LinkedIn: linkedin.com/in/krishant-pandey-701a60334/

SUMMARY

BCA student and Full-Stack Web Developer with hands-on experience building modern, scalable, and secure web applications. Skilled in Next.js, React, TypeScript, Node.js, MongoDB, REST APIs, and Socket.IO, with practical experience integrating AI-powered features and real-time functionality. Strong interest in AI/LLM applications, automation, web application security, and scalable system design.

TECHNICAL SKILLS

Frontend: Next.js, React.js, TypeScript, JavaScript, Tailwind CSS, Responsive UI

Backend: Node.js, Express.js, REST APIs, Socket.IO, Authentication & Authorization, API Integration

Databases: MongoDB, MongoDB Atlas, PostgreSQL, Prisma

AI & Automation: AI/LLM Integration, RAG, Embeddings, LangChain, LangGraph, AI Chatbots, Automation

Cybersecurity: Web Application Security, OWASP Concepts, Threat Modeling, API Security, Session Security, OSINT, Application Hardening

Tools & Deployment: Git, GitHub, Postman, Vercel, Render, Linux, CI/CD

PROJECTS

BlinkCart — Full-Stack E-Commerce Platform

2025

- Developed a full-stack e-commerce application with User, Admin, and Delivery Boy role-based workflows.
- Implemented complete product, cart, checkout, and order-management flow.
- Integrated OTP verification, live map/delivery tracking, and AI-powered functionality.
- Built responsive interfaces with a focus on usability, performance, and scalable application architecture.
- Implemented API-driven communication between frontend and backend services.

Tech: Next.js, React, TypeScript, Node.js, MongoDB, REST APIs, AI

Msgly — Real-Time Messaging Application

2025

- Developed a modern messaging application focused on private communication and media sharing.
- Implemented a responsive and user-friendly interface for chat-based interactions.
- Built real-time communication functionality using Socket.IO.
- Focused on clean UI architecture, responsive design, and application security.

Tech: Next.js, React, TypeScript, Node.js, Socket.IO

Live: chatapp-six-ruby.vercel.app | **Code:** github.com/Pandey-Krishant/Msgly

EDUCATION

Bachelor of Computer Applications (BCA)

Currently Pursuing — 5th Semester

AREAS OF INTEREST

Full-Stack Web Development | Next.js & React | AI/LLM Applications | Automation | Web Application Security | Cybersecurity | OSINT | Scalable Web Architecture

AVAILABILITY

Open to Full-Time Internships, Freelance Projects, Remote Opportunities, and Technical Collaborations.
